

HAIR DESIGNER

The Hair Designer plays a crucial role in any production designing the hair for the performance in a way appropriate to the character, era, setting, style and production.

- **He or she works closely with the makeup designer and the costume designer.**
- **The Hair Designer will typically work with the Director to create an appropriate style for each character.**
- **For some looks the hair designer may utilize wigs, hairpieces, false moustaches, beards or sideburns.**
